

AlcoTrue[®] C

Professional breathalyzer for personal use

» PRODUCTS that care
for you «

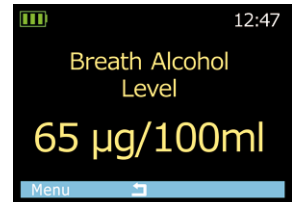

Don't drink and drive! «

The most advanced breathalyzer for personal testing. When accuracy and reliability is your primary concern, AlcoTrue® C is the breathalyzer you can trust! AlcoTrue® C is your best partner for personal testing: whether it is for the morning after test or to verify if you are safe to drive.

Key features

- Professional fuel cell technology – as used by police
- Patented high precision sampling system
- Highly precise and reliable measurements
- Active colour OLED display
- Rapid testing and display of results
- Automatic self test
- Easy to use
- Memory: Storage of the last 20 results
- Up to 2.500 tests per battery set
- Hygienic mouthpieces with non-return valve
- Extended calibration interval
- 24 months full warranty

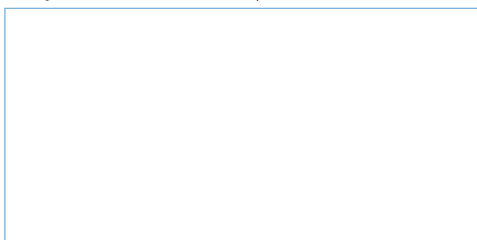

Technical data

Specification	
Sensor type	Fuel cell (electrochemical sensor)
Measurement range	0.00 - 5.00 ‰ BAC or 0.00 - 0.50 mg/L BrAC
Accuracy	≤ 5 % at 1.00 ‰ BAC or 0.50mg/L BrAC
Display	Active colour OLED display, 256.000 colours
Measurement units	‰ BAC, % BAC; mg/l or µg/100ml BrAC (other country specific units on request)
Ready for measurement after switching on:	≤ 6s (including self test)
Time for analysis	≤ 10s at 1.00 ‰; 4s at 0.00 ‰
Number of tests per battery set	≤ 2.500 tests (2000mAh)
Calibration interval	12 months
Ambient conditions	
Operating temperature	+5 °C to +40 °C
Storage temperature	-20 °C to +60 °C
Ambient pressure Humidity	600 - 1400 hPa
Humidity	20 - 98 % r.H.
Miscellaneous	
Dimensions (LxWxH)	132 mm x 63 mm x 26 mm
Weight	175 g (incl. batteries)
Power supply	Batteries: 3 x 1.5V Alkaline (Mignon, LR6, AA)
Applied Standards	EN 61326-1, Class B (industrial application)
